## Who Must File

All qualified organizations holding an annual bingo license are required to complete and file this form.

## Purpose of Form

This form is to be used to determine if a qualified organization received 90% or more of its total gross receipts from charity gaming events.

## 90% Rule

If 90% or more of a qualified organization's total gross receipts are from charity gaming events, the organization is required to donate at least 60% of its gross gaming receipts (less prize payouts) to a qualified recipient. The donations must be made by the last day of the charity gaming account period, and must be in accordance with the lawful purpose of your organization.

## Reporting Period

The reporting period is your organization's annual bingo license accounting period. This is a 12-month period with the year-end month occurring one month prior to the license expiration date.

## Filing Due Date

This form must be filed by the 10th day of the month in which your annual bingo license expires.

## Penalties

Failure to file could result in the assessment of civil penalties and/or revocation of charity gaming licenses or delay in processing future charity gaming license applications.

## Schedule 1 Instructions

- Write in the first column the months of your accounting period in the order that they occur. For example, if your annual bingo license expires May 31, 2004, your accounting period is May 1, 2003 through April 30, 2004. The 1st month on this example is May of 2003 and the 12th month is April of 2004.
- Enter in Column A the monthly gross charity gaming revenue from the gaming events held as a result of your having an annual bingo license (including sales of pull tabs, punchboards, and tip boards sold under this license).
- Enter in Column B the monthly prize payouts from the gaming events held as a result of your having an annual bingo license (including prizes paid out due to the sale of pull tabs, punchboards, and tip boards under this license).
- Subtract Column B from Column A and enter the result in Column C. Put the total of all Column C entries on line 1C.

## Example 1

Organization XYZ's annual bingo license expires 5/31/04. The accounting period for their license renewal and the gross receipts report is from 5/01/03 through 4/30/04. In the first column they will enter May 2003 as the 1st month and continue down through April 2004 as the 12th month. Next, for the month of May 2003 they will enter their combined bingo and pull tab gross receipts of \$15,000 in Column A and the combined bingo and pull tab payouts of \$7,000 in Column B. Column C will be the \$8,000 difference.

## Schedule 2 Instructions

Schedule 2 must be completed if your organization holds any licensed single events during the annual bingo license accounting period. These single events include raffles, special bingos, door prizes, charity game nights and/or festivals.

- Enter in Column A the gross charity gaming revenue from the gaming events held as a result of your having a single event license (including sales of pull tabs, punchboards, and tip boards sold under this license.)
- Enter in Column B the prize payouts from the gaming events held as a result of your having a single event license (including prizes paid out due to the sale of pull tabs, punchboards, and tip boards under this license.)
- Subtract Column B from Column A and enter the result in Column C. Put the total of all Column C entries on line 2C.

## Example 2

Organization XYZ had a festival license in July of 2003. They will enter their festival license number in the first column. They will enter the \$75,000 combined gross gaming income from the festival in Column A, which includes gross receipts from bingo, pull tabs, punchboards, tip boards, raffles, dice, card and wheel games held during the festival. In Column B they will enter the \$40,000 combined prize payouts from those same games held at the festival. Column C will be the \$35,000 difference.
